Week

1

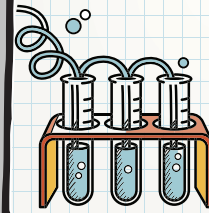

ENGLISH

READING - level 11 - Shark Attack

Read the piece and do all the exercises that follow. If you want to work over more than one session, click on Escape and close the Reader. When you want to start working again, enter 1.1.4 (Individual Exercises), open the same story and pick up where you left off, using the list of exercises on the right hand side of the screen for help.

Read the piece all the way through for all four speed reading exercises, because increasing your reading speed, and reading with good comprehension will benefit you in all your subjects.
